Wouldn't you love a mentor?

"This Ministry is so special... it allows me to take a step back from the day to day stresses of being a mother and analyze the bigger picture. It also enables me to chat with other mothers in a private and open environment, which in turn helps me to realize that I am not the only one experiencing these parenting issues. I always walk away feeling centered, refreshed and ready to hug and kiss my kids (and husband)! THANKS!!" – a former participant of Mom to Mom
